Get a taste of New Hampshire at the historic 5,400-acre Castle in the Clouds mountainside estate, nestled in the majestic Ossipee Mountains, overlooking Lake Winnepesaukee.

Tour the unusual turn-of-the-century mansion. Ride horseback and hike on 85 miles of private trails. And picnic, or dine on the Carriage House patio.

The estate also boasts the source of the pure, natural spring water that we use to brew New Hampshire's pride, Lucknow beer – and our own micro-brewery and bottling facility.

So, visit us! Sample our spring water, and award-winning, premium lagers and ale – on the house – and drink in the views!

Open daily 9 am to 5 pm, June 2 through October 21.
